

IVES Thynne Street Bruce ACT

The IVES precinct is a considered and complementary blend of spaces: both residential and commercial, a truly integrated modern multi-use site.

IVES will be a community that supports and nourishes itself and nearby residents. Next door, RISE will house a proposed supermarket occupying one half of the lower floors and servicing the suburb and surrounds; this will be mirrored in the IVES ground-floor spaces by two cosmopolitan food and beverage shopfronts (serving barista coffee) as well as several boutique retail offerings. This blend of straight retail, food and beverage, and commercial offices will naturally generate a community hub providing energy across the precinct throughout the day.
